Dornier Aircraft To Help Douse Fire Aboard Oil Tanker Off Sri Lanka Coast

Dornier aircraft launched from Chennai for fire fighting aboard MT New Diamond off Sri Lanka coast.

**New Delhi:**
A Dornier aircraft is being launched from Chennai to Trincomalee on the northeast coast of Sri Lanka with 700 kilograms of dry chemical powder (DCP) for fire fighting operation onboard oil tanker MT New Diamond.

"Indian Coast Guard invoking SACEP and MoU provisions, ICG ship Abheek entering Trincomalee harbour this morning to hand over 1500 kg of DCP to SL authorities for Fire Fighting MT New Diamond. Dornier aircraft being launched Chennai to Trincomalee with 700 kg DCP," the Indian Coast Guard tweeted.

The Indian Navy on Monday said re-ignition of the fire was observed on the starboard side of the oil tanker MT New Diamond.
"Re-ignition of fire observed on Starboard (Right) side of MT New Diamond. Fire-fighting and boundary cooling efforts intensified to bring fire under control. Salvage Team has arrived at scene. Additional assets, salvage personnel & FF equipment also enroute," Indian Navy said in a tweet.

The fire onboard oil tanker MT New Diamond off Sri Lanka coast has been doused, said the Indian Coast Guard on Sunday, adding that cooling of the ship is in progress.

The ICG had been engaged in fire fighting and pollution response operation for MT New Diamond since September 3.
